### "Building Trust and Partnerships from within Community: Allegany Franciscan Ministries' Common Good Initiative"

October 20, 2022,  
Noon-1:00 pm EDT

Since 2014, Allegany Franciscan Ministries has supported the Common Good Initiative, committing unprecedented use of their social, human, and financial capital to three historic communities of color in Florida (Overtown, Lincoln Park and Wimauma).

This conversation will highlight Allegany's move away from transactional grant-making, and will demonstrate the power of long-term commitments of resources, community-led solutions, and organic collaboration.

Panelists will provide firsthand experiences from Allegany and Overtown partners, sharing lessons learned, key successes and implications for the future of philanthropy, community power-building and civic engagement.
