The Origin Story of Florida Civic Advance

Started with 2009 Study of Community Service in Florida's State University System, for the SUS Board of Governors

**UNIVERSITY COMMUNITY SERVICE,
ENGAGEMENT AND COLLABORATION**

THE FLORIDA PUBLIC UNIVERSITY EXPERIENCE

March, 2009

“Our best and last advice for the Florida Board of Governors, the universities of the Florida SUS, and the Florida legislature is this: Now is the time to recognize the importance of university community service, engagement and collaboration because they are essential to the renewal of our economy and the improvement of our communities. These are assets worthy of greater attention and support. These are investments that are capable of even greater returns going forward. “

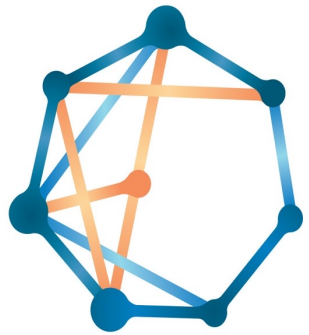

-2009, Stu Langton & Bob Jones

Florida Civic Advance

Advancing Civic Health in Florida's Communities

THE CIVIC CHALLENGE

Florida, the 3rd largest state, ranks among the lowest states in terms of civic health. We want to change that.

FLORIDA
CIVIC ADVANCE

<https://floridacivicadvance.com>

- ▶ 50th in nation in volunteering among 50 states (2015)
- ▶ 49th in belonging to a civic organization (2013)
- ▶ 50th in donating to charity (2015)
- ▶ 50th in helping neighbors fix a community problem (2015) and
- ▶ 50th attending public meetings (2015)

FLORIDA CIVIC ADVANCE

Strategic Framework:2023-2025

MISSION

To advance the civic health in Florida communities

VISION

To be the premier Florida resource for civic advance and innovations that inspires people to champion and improve civic health in their communities

OUR VALUES

COLLABORATION

Across sectors to take civic actions

DIALOGUE & DELIBERATION

In the respectful exchange of ideas amidst differences to promote civic health

EQUITY, JUSTICE, & FAIRNESS

Through inclusion of the whole community in civic life and decision making

TRANSPARENCY

Sharing civic data to promote active engagement that can improve civic health in communities

ACCOUNTABILITY

Through evidence based civic information to learn from the results of actions taken to improve civic health

STRATEGIC PRIORITIES

SUPPORT CIVIC HEALTH & COMMUNITY MEASUREMENT

- Lead an effort to develop and present civic health data reports in partnership with national, state and education organizations
- Explore how best to provide meaningful civic data as guidance for assessing and measuring civic health at the community level
- Promote and highlight civic practices and applied research projects that provide knowledge and expertise to FCA members, communities, key stake holders and residents

CONVENE & SHOWCASE CIVIC EXCELLENCE

- Conduct an annual civic learning agenda through webinars and meetings
- Convene and conduct an annual statewide summit on civic advance
- Partner with national, state, and local organizations to provide meaningful programs and civic tools

DEEPEN ENGAGEMENT WITH MEMBERS & ADVISORS

- Build on membership interest in civic practice areas as FCA member "affinity groups" and develop protocols and guidance for these groups.
- Provide members with civic health methodologies and tools to address community inclusion and equity
- Form a FCA Council of Advisors

ELEVATE FCA REPUTATION

- Become a trusted educational resource that provides information, tools, and encouragement for civic advance
- Implement a plan to grow the FCA financially to hire staff and consultants
- Effectively steward FCA resources and leverage partnerships to maximize financial capacity
- Develop a communication and PR strategy for the importance and value of advancing civic health in Florida communities

Civic Engagement Initiative (CEI) at Florida Tech

Mission: Florida Tech's Office of Civic Engagement seeks to provide opportunities for students, faculty, and staff on our campus and in the surrounding community. We will match community needs with student and employee interests as well as develop individual and collective actions designed to identify and address issues of public concern.

Goals & Events

Goals

- Students **develop the skills and habits** of thoughtful, engaged leaders through involvement in the community.
- Provide students with **experiential learning**.
- **Build connections** with local citizen leaders.
- In the process, we also become **part of the solution!**

Events

- We can post civic & community service opportunities for students, staff, and faculty on our online Engage webpage.
- Please reach out if you'd like to partner with FIT in the future!

Which pathways and programs do we offer?

OFFICE OF CIVIC & COMMUNITY ENGAGEMENT

Our office promotes teaching and research strategies that directly link academic scholarship to public practice. These initiatives connect the scholarly work of the university with our local, national, and global communities, helping students understand the public purpose of their education.

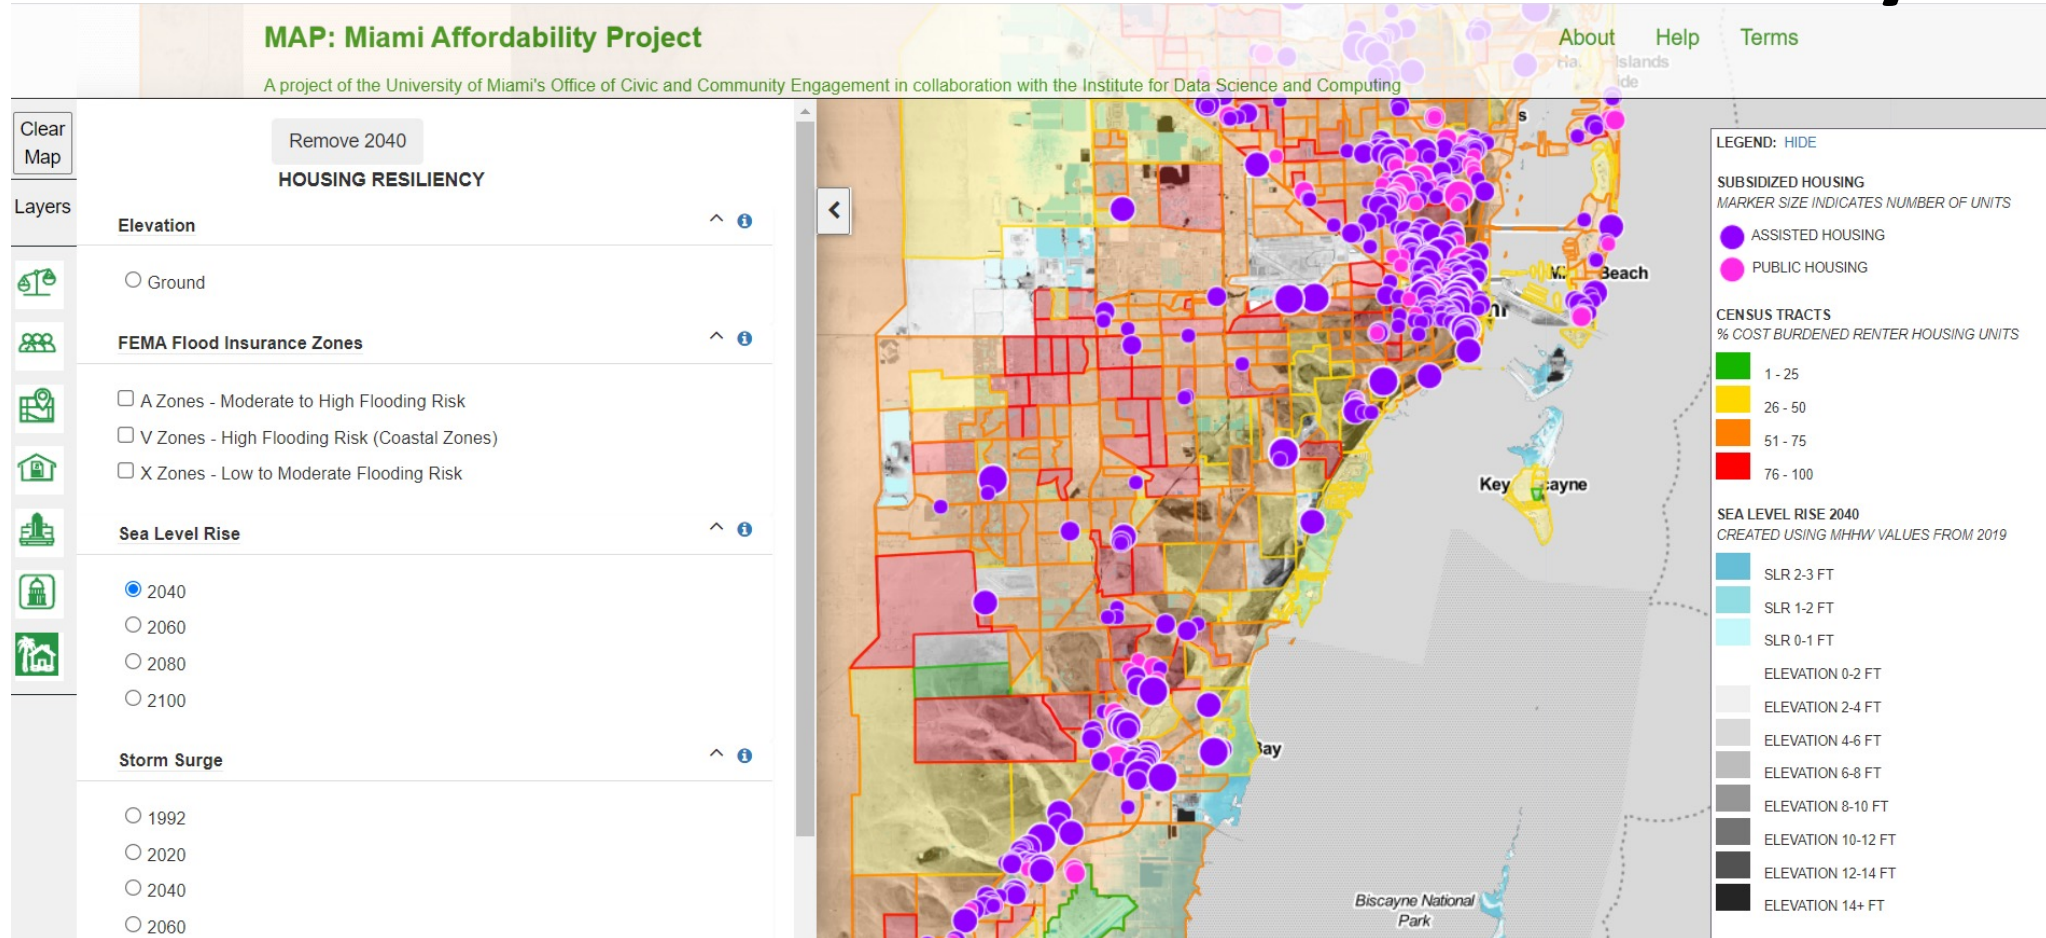

- Students, faculty, and community organizations are connected in a collaborative process that fosters civic responsibility and promotes positive social change
- Students develop civic leadership skills and translate their academic interests into real-world problem-solving skills
- Programs include: Engaged Faculty Fellows, Civic Scholars, Civic Engagement High School Partnership,
- Racial Justice Grants

Students from any major can enroll in community-engaged courses, with over 600 to choose from.

LeMieux Center for Public Policy

Named for former U.S. Senator George LeMieux, the LeMieux Center for Public Policy at Palm Beach Atlantic University provides a space for reasoned, thoughtful, and civil discourse on pressing public policy issues confronting Florida, the United States, and the world.

Senator George LeMieux, Founder and Chairman
Dr. Robert Lloyd, Executive Director

LeMieux Programs

Freidheim Fellows

Two undergraduate students are selected each year for the opportunity to work directly with Senator LeMieux and a PBA faculty member on choosing, researching, and publishing a paper on a topic of public importance.

Speaker Series

The LeMieux Center hosts a lecture series that provides forums for PBA students to interact with leading experts and thinkers. Recent speakers include Florida Governor Ron DeSantis, former British Prime Minister Tony Blair, Dr. Deborah Birx, the former White House Coronavirus Response Coordinator.

The Quill

A quarterly publication that examines one particular policy area of pressing importance and written by an expert in the relevant field.

The Quill Podcast

Executive Director, Dr. Robert Lloyd hosts a number of guests for wide-ranging discussions of policy topics. Listen to all of our previous episodes on Spotify and Apple Podcasts and follow to stay updated on new releases.

- Kyle Ryan
- Program Coordinator, Career Pathways for Public Service Initiative at Polk State College
- karyan@polk.edu

The Career Pathways and Public Service Initiative is part of the greater Civic Literacy Excellence Initiative launched by Governor DeSantis in July 2021. The goal of the initiative is to create Civics Career Academies in local high schools to create a stackable pathway for students to work in the public sector.

Civics Career Academies

Polk State College | Broward College
Florida State College at Jacksonville

Overview:

- Polk State College received \$6.5 million and is distributing a portion of that grant to two subrecipients, Broward College, and Florida State College at Jacksonville.
- PSC has contracted with the Lou Frey Institute (LFI) at UCF to develop the curriculum for Civics Career Academies
- Curriculum is to be implemented in the 2023-2024 school year and follows a cohort approach
- 4 courses, each course is 1 semester and .5 credit. Classes can be taken in 2 years or over 4 years, based on school need.
 - Public Service Leadership
 - Public Service Careers and Communication
 - Public Service Project Management & Experiential Learning
 - Public Service Research Seminar

Key Factors:

- Acceleration points via industry certification
- Potential college credits for students
- PMI Project Management Ready on CAPE funding list
- Creating partnerships with municipalities
- Creating civic-minded and civically engaged students
- Preparing students to enter the workforce

Some positions graduates would be prepared for include:

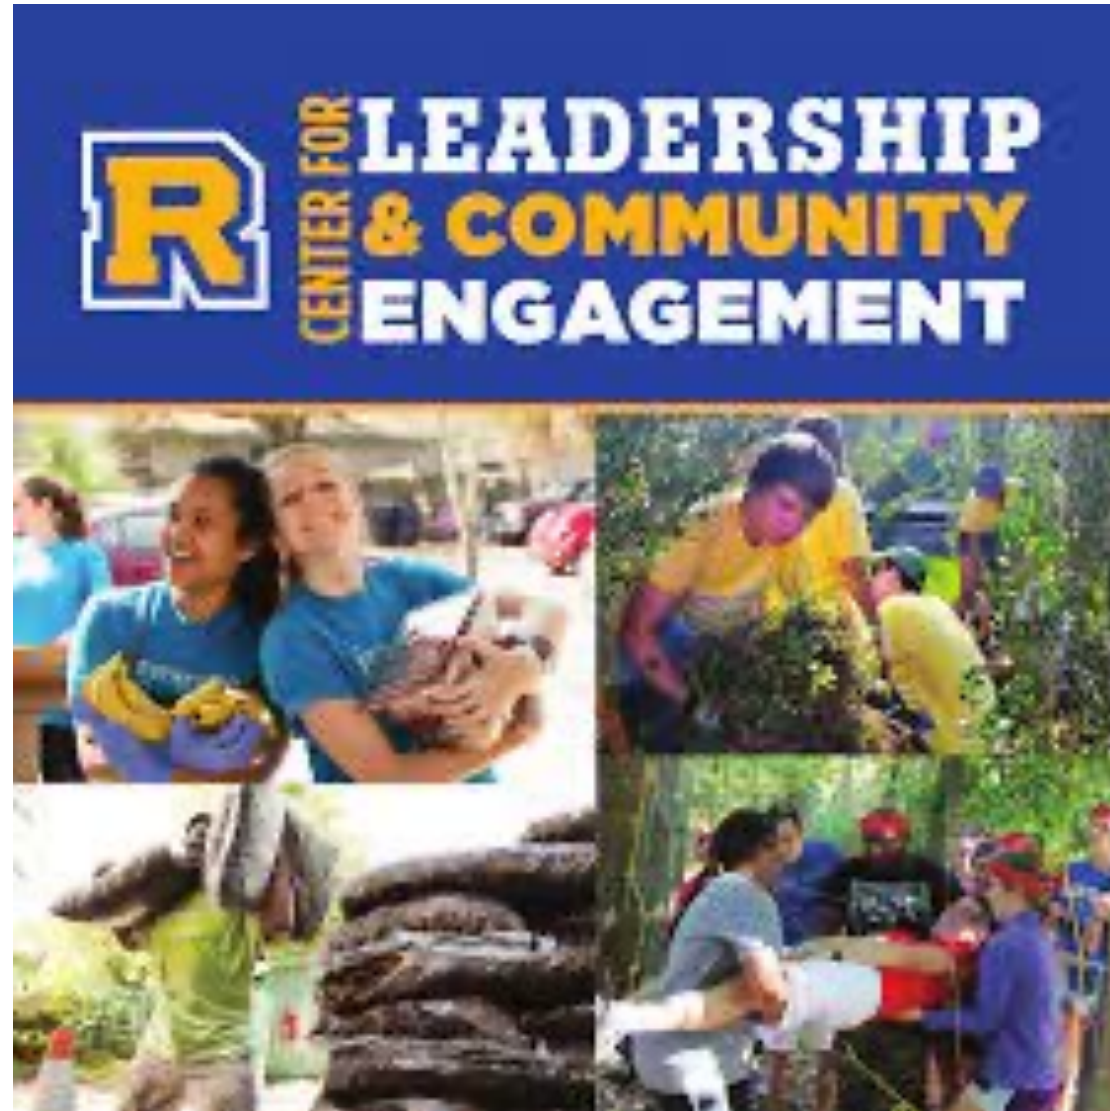

- Grant Manager
- Program Analyst and Support Staff
- Permitting Specialist
- Policy Analyst/Government Affairs
- Human Resource Support Specialist
- Project Manager/Caseworker
- Procurement Specialist
- City/County Manager

Progress:

- Partnered with Lou Frey to create a curriculum framework for the Civics Career Academies that will be available for high schools statewide upon final approval by FDOE
- Civics Leadership Academy summer camps for middle school students beginning June/July of 2023
- Recruited 24 schools, approximately 1000 students, across 4 districts
- Public servant interest and support (mayors, legislators, superintendent, etc.)
- Professional learning trips for students and teachers
- Scholarship opportunities for students
- Presentation at Social Studies and CTE Conferences

The Lou Frey Institute promotes the development of enlightened, responsible, and actively engaged citizens.

- Through civic education programs that encourage thoughtful debate and discussion about current policy issues;
- Through experiential learning programs that encourage the development of civic and political skills;
- By working to help strengthen the civic education capacity of Florida's K-12 education system; and
- Through research, policy analysis, and advocacy.

LFI/FJCC Priorities and Projects for 2023-2024

- Development and implementation of Civics Career Academies
- Curricular materials development and implementation for 2023-2024 civics and government benchmarks
- Teacher professional development to support new benchmarks and revised assessments
- Expansion of current events and civil discussion professional development and resources
- Seeking opportunities for collaboration and grant funding

LEAD Scholars Academy provides comprehensive leadership education, development, and civic engagement opportunities for the UCF community. Through collaboration and partnerships, LEAD Scholars Academy incorporates the UCF CREED to create professional, academic and experiential opportunities that challenge, empower, and educate students to become social change agents in a global society.

November 2017

Goals

Programs and activities created and implemented by the staff from the four offices along with students, faculty, and other community partners will address both the short- and long-term developmental needs.

- Assess leadership development on campus
- Increase student engagement
- Enhance curricular
- Create and maintain community partnerships
- Prepare students to be social change agents in a global society
- Empower students to be active citizens
- Cultivate campus partnerships

Essential aspects of deliberative discussion

- Diverse perspectives
- A framed issue - focus on values, tradeoffs, not facts
- Facilitator
 - Establishes atmosphere conducive to listening, sharing
 - Keeps to the options and surfaces values
- Leads toward local actions
 - Collecting more information
 - Engaging local experts
 - Raising public awareness
 - Making recommendations

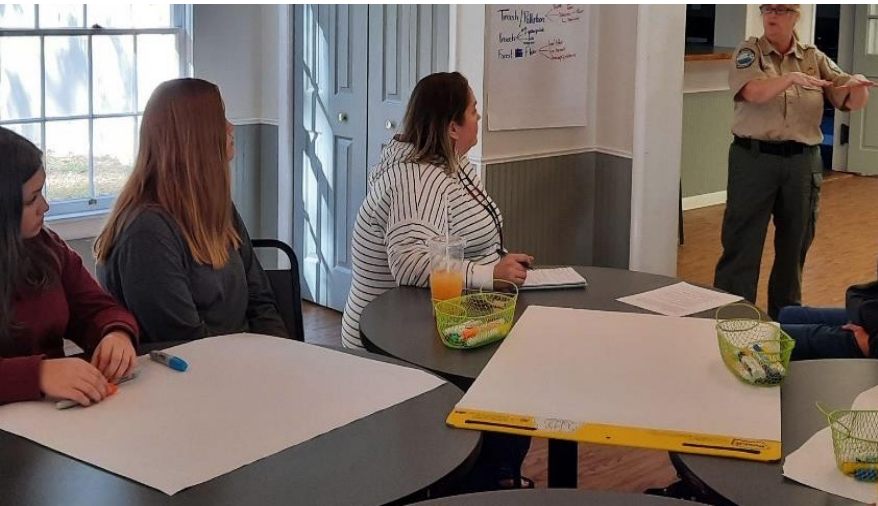

CAPE

Community Action Projects
for the Environment

A 4-H program developed at the University of Florida

CAPE guides youth through a **process** of exploring, developing, and implementing a project that addresses an environmental issue in their **community** by **asking a decision maker to make a change** that benefits everyone.

CAPE is a process

- **Not just community service**
 - Doing a service project in the community
 - Not a short “one and done” activity
- **CAPE involves kids in learning about the issue AND governance**
 - Who is the decision maker?
 - How are decisions made?
 - What could help make the situation better?
- **CAPE enables youth to be engaged in civic life**
