TableTalk: Central Florida Foundation's Civic Conversations and Action Strategy

Thursday March 14
12-1 pm ET

The Central Florida Foundation launched TableTalk in 2019, modeled after the Chicago Community Trust's initiative. TableTalk brings residents in the region together in small mealtime solutions-based, data-driven conversations to talk about ways to make their neighborhoods stronger, safer and more dynamic. The webinar will review the TableTalk results to date and their connection to the region's civic health, and offer some examples of TableTalk micro-grants.
